...business and in- ...are closed in these ...counties, affecting the ...families incomes. Many of these people worked in plants in Charlottesville and Lynchburg and have been unable to get to work. This also hurt the family income of our northern neighbors. School will be opening in a few weeks in these areas and many expenses will be incurred by the families at that time. We feel that some of our funds should be used to cover some of these expenses.

There will be another great expense to a few families of these two counties this week and for the next few weeks. This will be expense of a funeral and burial for their loved ones lost when the tragic flood and landslides hit early, last Wednesday morning. Our funds will probably be used to help cover some of these costs.

We urge you citizens who have not contributed to please do so in the very near future. A partial list of the people who have contributed follows in this artical.

All future contributions can be made to the "Appomattox County Jaycee - Appomattox County Rescue Squad Flood Relief Fund" and can be given to any member of either organization.

Those who have contributed are: Central Baptist Church, Appomattox, $53; Hollywood Baptist Church, Appomattox, $134; Concord Baptist Church, Charlotte C. H., $73; Miss Frankie McKinney, Appomattox, $5; J. G. Millner, Appomattox, $10; Earnest F. Farrell, Appomattox, $20; Elon Baptist Church, Pamplin, $17; Pauline R. Reeve, Pamplin, $10; Mrs. L. N. Ligon, Pamplin, $10.

These donations were greatly appreciated and will be used in the most needed areas of Amherst and Nelson Counties.

Service To Humanity

The Appomattox County Jaycees "Believe that service to Humanity is the best work of life." This was proven Saturday morning, Aug. 23, 1969 when the Jaycees arrived at the Amelia Dress Co. plant in Appomattox to begin their drive for items of clothing, towels, blankets, furniture, brooms, mops, detergents, non-perishable food, etc. These items began pouring in by 8:00 a.m. Saturday morning and by 1:00 p.m. the Jaycees had a large van truck loaded as well as a pick-up truck.

Around 2:00 p.m., the Jaycees, as well as Mr. "Rock" Rothgeb departed for Norwood, in Nelson County, Va. We arrived at Norwood and found almost complete destruction. A food and clothing center had been set-up in a Norwood church and the Jaycees unloaded part of their items there.

We then started our long, detoured journey to Lovingston. Upon arrival in this Nelson County town, we were instructed to unload our trucks at the school and cannery, just south of Lovingston.

We feel that each Jaycee, as well as Mr. Rothgeb, that made this trip to Nelson County on Saturday, were just shocked at the sights of destruction up there. Homes were battered to pieces by large rocks and slags. Cars, trucks, and farm machinery were smashed beyond recognition. Bridges and highways were washed away or covered with mud and trees. And worst of all, many lives were gone. We could witness this on the faces of the survivors. They were solemn and still in a state of shock. Although these facts beared heavily on there minds, they were still most appreciative and joyed by the generous donations that their friends and neighbors of Appomattox County had sent.

The Appomattox County Jaycees are also very appreciative of the donations our local citizens made. We are most grateful to Mr. Dave Notestein of Maude's Restaurant for his donation of a pick-up truckload of food and wears also most grateful to Mr. Rock Rothgeb for his donation of food, clothing and for his time and pick-up truck for our journey on Saturday.

We would like to convey to ALL who helped make this, "The Appomattox Jaycee Flood Project" a great success and a BIG THANK YOU.

J. D. Simpson, Appomattox County Jaycees.

Serves 2-Fold Purpose

The Appomattox County Jaycee Radio Day held Sunday, August 24 was a big success. Your local Jaycees were at Radio Station WFLO in Farmville. The entire day broadcasting the ads which had been purchased by our local merchants. In the meantime the Appomattox Rescue Squad members were busy here in Appomattox working jointly with the Jaycees in the collection of food, clothing and numerous other needed items to be sent into the flood stricken areas of Amherst and Nelson counties.

The Jaycees were allowed to take advantage of their Radio Day situation by being able to keep the public informed as to what was needed for the flood relief project and where such items could be delivered. In addition to the Appomattox Rescue Squad, the Jaycee chapter in Farmville also worked with the Appomattox Jaycees in their Flood Relief Project. Collection baskets were placed in certain locations in Farmville and after the completion of Radio Day the Jaycees picked up these collection baskets and returned to Appomattox with two truck loads of seeded articles. Upon arrival in Appomattox the Jaycees found that the Rescue Squad members had collected a tremendous amount of goods and were busy loading these goods for transport to the flood area. Monday afternoon these goods were delivered and were greatly appreciated by the unfortunate citizens of Amherst and Nelson counties.

Social Security ??? & Answers

Send your questions to: Questions and Answers, Social Security Office, P.O. Box 2496, Lynchburg, Virginia 24501

Q. I am the youngest child in our family. I live at home with my mother who is 43 years old. My mother has been receiving monthly social security benefits. Will my mother's benefits stop when I reach age 18?

A. Benefits for your mother will stop after you have reached age of 18 until she, herself, reaches age 50. At age 50, she can decide whether to take her widow's benefits at a reduced rate or whether to wait until she reaches age 62 when she can receive full benefits. However, if your mother is severly disabled, she might qualify to receive benefits as a disabled widow as early as age 50.

Q. If I work during the years I receive social security benefits as a student, will I build up my personal social security account?

A. Yes. Even though you are receiving benefit payments on the account of your father or mother, you will also be building up your own social security account. You can be insured for the payment of survivors and disability payments with as little as 1 1/2 years of work.

Q. It is true that I must wait until I am out of work for six months before I can file a disability claim?

A. No. Although social security benefits cannot begin until after you have been disabled for 6 months, you can file a claim any time after you find that your disability will last for 12 months or more. In fact, it is to your advantage to file a claim as early as possible. Medical reports must be secured and the review process takes longer than for a non-disability claim.

Although uterine cancer is a common cause of death in women, the Pap Test can detect it in an early, curable stage. The American Cancer Society says all women should have this simple, painless examination as part of their annual health checkup.
